District 12 Meets

Grain Problem Discussed At FUA Convention

About 150 delegates and officials gathered at the I.O.O.F. Hall in Fort Macleod on Friday, June 21, for the ninth annual convention of District 12, Farmers' Union of Alberta.

The morning session was taken up with a discussion of the financial report and the reports of the directors and sub-directors. The merits of the joint political meetings were gone over and everyone agreed that they had had a very fine educational effect and that both the people and the union had profited by them. Dean Lien of Warner, newly elected president of the Junior branch spoke briefly on the Junior movement.

The afternoon session was opened by Mayor Swinerton of Fort Macleod bringing greetings from the town and stressing the importance of agriculture and the farm movement. Arnold Platt, Provincial president of the F.U.A., in his presidential address told of the work being carried on through Central Office, touching on the Car Insurance Pool, and the Surface Rights Association.

Mrs. Braithwaite, second vice-president of the F.W.U.A. brought greetings from the Women's Executive, telling of some of the studies undertaken by the F.W.U.A.

The resolutions brought up in the convention were mainly centered around the grain problem and included:

1. A request for equalization of quotas.
2. A land conservation program with inducement payments to help convert land from grain to grass.
3. That the Wheat Board take over the marketing of rye and flax.
4. A two-price system be established to help equalize farm income.
5. That Bagg's Vaccination be made compulsory.
6. That written permission be required in order to permit hunting on any and all property.
7. That the old age pensions be increased.
8. That advance polls be established in all constituencies.

George Loree of Parkland was re-elected District Director with Doug Galbraith of Vulcan the Alternate Director. Mrs. Margaret House of Arrowwood and Mrs. Janet Hogg of High River were re-elected as F.W.U.A. director and alternate director, respectively.

George Loree and Doug Galbraith were joint chairmen for the day.

Ron McCullough of CFAC was

the guest speaker at the evening banquet, giving an illustrated talk on his recent trip through southern Asia and Europe where he studied agricultural methods in all the countries visited.

District 12, F.U.A. covers approximately the same territory as the Macleod Constituency, taking in all the agricultural territory from Calgary south to the border.

Henry A. Carr Accident Victim

A car-truck collision at Nisku, Alta., on June 10, took the life of a former Vulcan resident, Henry Allan Carr, aged 53.

Employed by Imperial Oil at Edmonton, Mr. Carr is survived by his wife, Alice, who is also a former Vulcan resident; one daughter, Mrs. Bob Knox of Edmonton, and one son, Kenneth, also of Edmonton; four sisters, Mrs. Olive Douglass and Mrs. Della Doane both of Vulcan, Mrs. Willa Houlton of Nanton and Mrs. Hazel Herdman of Calgary; three brothers, Sanford Carr of Leduc, Arthur of Black Diamond and Colby of Okotoks. He was predeceased by a sister, Mrs. Myrtle Herdman.

Local Items

Mrs. W. D. Allan left last week on a business trip to Nova Scotia. Mr. and Mrs. Harry Peard and children, accompanied by Miss Louise Giachetta, spent last Sunday in Calgary.

Mr. and Mrs. D. O. Jantzie motored to Kimberly, B.C., and spent the weekend with their son, Michael, who is employed for the summer months with the Sullivan Mining & Smelting Co., at Kimberly.

Mr. and Mrs. Ben Dann, Sr., were recent visitors at Wainwright, Alta., where they enjoyed a few days at the home of Mrs. Dann's son and daughter-in-law, Sgt. and Mrs. Dale Sproule. During the journey they stopped at several places to renew old friendships and had a most enjoyable visit with Mr. and Mrs. Rodney Munson and family of Bowden, Mr. and Mrs. Bill Hartman and family of Daysland and Ben Hadley of Camrose, all formerly of the Reid Hill district. Mr. and Mrs. Dann also visited Mrs. Edward Caron and Mr. and Mrs. H. Blee in Calgary.

Golf & Country Club Officially Opened

A fine, sunny day blessed the official opening of the Vulcan Golf & Country Club on Sunday, with well over 250 people attending throughout the day and 74 men and 22 ladies taking part in the golf tournament which was a feature of the day's activities.

Following the qualifying rounds in the morning, a plate luncheon was served by members of the Ladies' Golf Club and at 2 p.m. the official opening ceremonies took place.

J. M. Jamison, vice-president, acted as master-of-ceremonies and introduced R. J. Buehler, president of the club and the man to whom, as Mr. Jamison said, much of the credit for the planning and successful completion of the project must go. Mr. Buehler extended a welcome to the large crowd and thanked them for their attendance.

Completion of the new course and club house had meant a great deal of work for all those concerned, he said, but the successful completion of the project meant that the effort had been well worthwhile and he felt it would be a great asset not only to the town residents but to those of the neighboring villages and districts. The project had originally been made possible, he said, by the Town purchasing a 90-acre tract of land for recreational purposes. The greater part of the area was now the golf course, but the Elks' new baseball park also occupied part of the land and provision had also been made for the eventual construction of tennis courts and a Little League baseball diamond, so that the whole area would be utilized for recreational sports.

Mr. Buehler also paid tribute to those who, although not golfers, had purchased debentures to help finance the construction of the course and clubhouse.

Henry Viney, well known sports commentator of CFCN, Calgary, was introduced and in extending his congratulations to the members of the golf club said that it was very evident that they had really "been on the ball" in planning and carrying to a successful conclusion such a magnificent project. The course and club-house would do credit to many towns much larger than Vulcan, he said.

J. E. Carlson, chairman of the County of Vulcan Council, brought greetings on behalf of the Council and extended congratulations. He commended the golfers on the enterprise which had led to the construction of the course and clubhouse, thereby providing a recreational facility of which the whole district could be proud.

"This is a red letter day for the golfing fraternity of this district—a day they have been dreaming of for a considerable time," said Mayor William Munro in his opening remarks. But the golfers were not content to just dream, said the mayor, they took off their coats and set to work and the result is this beautiful course and building.

There was a time not so long ago when the emphasis was placed on work, said Mr. Munro, with people working from daylight to dark, but conditions have changed somewhat and although work is still necessary to achieve success we now realize that in order to live a full and satisfying life we must take time out to play a little. Residents of the town and district can now come to the golf course and for a few hours forget the cares of business and enjoy healthful exercise.

Cutting the silk ribbon stretched across the clubhouse patio, Mayor Munro declared the Vulcan Golf & Country Club "open for business and for much pleasure."

Following the official opening, Councillor M. R. Morrison hit the first ball off No. 1 tee.

The exhibition golf match between four of Southern Alberta's

top amateur golfers, Ted Wellman of Calgary, Ray Wellman of Vulcan, Hank Seifred of Claresholm and Dr. T. A. Alexander of Nanton, attracted a good gallery, as did the pitching and putting competition.

Tea and coffee were served during the afternoon by the ladies in the clubhouse, with the appearance of the mail being enhanced by flowers donated personally by Mayor Munro and the members of the town council and by Terrill's Flowers of Calgary.

The golf course itself is a tricky, nine-hole layout designed by Otto Anderson of Calgary, with a par of 35. It has two dogleg holes and a total length of 3,950 yards. A full-time caretaker ensures that the fairways and greens are always in good shape.

The 36x50 Pan-Abode design clubhouse is fronted by an attractive, covered cement patio that overlooks the first tee. Landscaping of the grounds surrounding the clubhouse will be done next year.

Golfers from the surrounding towns that do not have golf courses are being encouraged to join the Vulcan club and take part in its activities. Total membership is now about 200, of which 100 are active golfers.

Attending the official opening were golfers and other visitors from Turner Valley, Claresholm, Okotoks, Black Diamond, Blackie, Calgary, Champion, Stavely, High River, Arrowwood, Nanton and Nobleford.

Mrs. Gordon Blythe of Calgary was a Vulcan visitor this week. Her father, Jack Scoobie, is a hospital patient.

Friends of Commodore Allen will regret to learn that he had the misfortune of badly mangling his left hand, while operating a post-hole driver, last week. He is now confined to the Vulcan hospital and best wishes for a speedy recovery are extended to him.

Fourth Win For Dailey

Elks Win One, Lose Two Against Granum

Vulcan Elks were shut out by Granum White Sox at the Vulcan hall park last Friday evening as the normally strong-hitting Vulcan crew were effectively shackled by Granum hurler, Willie Wolasko for a 5-0 victory. Doug Marquett was the losing pitcher.

At Granum on Sunday, the Elks and White Sox split a double-header, Vulcan gaining a 4-2 victory in the first game but again shut out by Granum in the second game by a 5-0 score.

Chuck Dailey picked up his fourth win in the first game, scattering nine hits over the nine innings. Dave Gambee, who shutout Miners last Sunday, took the loss in the first game, allowing six hits to Elks.

Vulcan grabbed a two-run lead in the first inning of the opening game when second baseman Augie Scornaienchi took first after being hit by Gambee's pitch, went to second on Jim Houck's single and scored on Don Jantzie's single. Houck scored the second run on an error.

Elks picked up their third run in the second when Art Alvarez singled home Fred Burley. They added the insurance marker in the fifth when Scornaienchi again scored on Jantzie's single.

White Sox counted both runs off Dailey in the fourth inning.

Vulcan hitters were Art Alvarez with a single and a double, Don Jantzie with three straight singles

and Houck with a single. Dailey whiffed three White Sox in taking the win, but was backed up with superb fielding. Gambee struck out eight.

In the second game Bentley MacEwan won his third game against a single loss, allowing just five hits to Vulcan. Jim Houck gave up seven hits to get charged with the defeat.

MacEwan struck out 12 Elks and walked three, with all three free passes issued in the first two innings. Houck counted four strikeouts but was nicked for 10 walks.

Dailey led the Vulcan attack with a pair of one-baggers, with Ron Laughlin, Houck and Burley all collecting one single.

White Sox scored two runs in the second inning, and added single markers in the fourth, fifth and eighth.

Only three errors were committed in the twin bill. Both clubs were charged with single miscues in the first game, while Granum bobbled once in the second game and Vulcan played errorless ball.

Swimming and Water Safety Lessons To Start

Lessons in swimming and water safety for all those seven years and up will commence on Tuesday, July 2nd, at the Vulcan and District Memorial Swimming Pool. A special registration and enrollment for beginners will be held on Saturday morning, June 29, at 9:30 a.m.

Classes starting next Tuesday will be the first of four classes, each of two weeks, for beginners, junior, intermediate and senior swimmers. Class times will be announced opening day.

Chief instructor for the swimming and water safety classes will be Eileen Rutberg and she will be assisted by Sherry Haydamack and David Collier. It is hoped that another assistant instructor will be available about mid-July.

Advance enrollments indicate another heavy year for the instructors. It is pointed out that while no charge is made for the lessons in swimming and water safety, it is compulsory that all those taking lessons must be holders of season tickets. Rates for the season tickets have been kept quite low and are far below operating costs. It is hoped by keeping the rates low it will avoid the possibility of any child being deprived of the swimming pool facilities.

45th Wedding Anniversary

A number of friends called on Sunday to visit Mr. and Mrs. G. E. Volsey on the occasion of their 45th wedding anniversary.

Among those present were Mr. and Mrs. J. Pellar of Calgary, who were also celebrating their 45th anniversary.

Other guests were Mr. and Mrs. L. Warren and Mr. and Mrs. A. D. Nelson of Calgary; Mrs. H. I. Montgomery, Nanton; Mr. and Mrs. Albert Orcutt and Ed Coe, Champion; Mrs. and Mrs. Clyde Coe, Lethbridge; Mr. and Mrs. Don Brinker, Leonard and Alice Volsey and family, Vulcan.

THE WEATHER

Hail storms throughout the district have been so frequent lately that it is difficult to keep track of them all, with some farmers already being hailed as often as three times. In some cases, the crops are expected to recover, in other cases the damage has been more severe and crops, particularly flax, too badly damaged to make a recovery.

Although showers have been occurring frequently, a good soaking rain would be welcomed by most farmers. A light rain was falling Wednesday morning at the time of writing.

Letters to the Editor

To the Editor of The Advocate,
Dear Sir:

Now that the election is over and the dust has settled it seems to me that it would be a good idea to sit down and face a few facts.

Before the ballots were finally counted a good many farmers were saying that great things could be expected for the West from this new Progressive Conservative. Even the Alberta Wheat Pool Budget restated the whole agricultural platform stating that the Progressive Conservatives would be forced to make a number of drastic changes in Canada's agricultural policy at an early date.

How many supporters were sent to Ottawa from Agricultural

Alberta? NONE! Oh Yes, three members were elected from Alberta, but they were all sent from the cities.

Why, then, when the farm population has completely rejected the agricultural platform of the Progressive Conservatives should we expect great things? Our representatives for results we expect them from either the government or the opposition.

If Agriculture in the West is to come into its own it is time that we, the farm people, faced the facts and sent representation to Ottawa to support a party capable of passing the legislation which we demand. Until we return to the two-party system of government, Agriculture can expect to continue to wander in the wilderness.

Yours truly,
D. H. Galbraith.

ANOTHER MILESTONE FOR CANADA

Now pulp and paper markets in Canada and the United States are assured of a constant, on-the-continent supply of top-quality bleached sulphate pulp ... produced in Canada. This special pulp — Alberta Hi-Brite — will be turned out at the rate of 430 tons a day by our mill at Hinton, Alberta.

Much of the credit for this project must go to the government of Alberta. It set aside six thousand square miles of territory for the mill and for the spruce and lodgepole pine forests that feed it. The land is managed on a sustained-yield basis. This provides that the amount of wood cut will never exceed the rate of wood growth. Thus, while the mill turns out its large quantities of Alberta Hi-Brite, Alberta's fertile forest acres will be continually replenished for the future.

Alberta Hi-Brite, produced from trees with fibres that give outstanding strength and formation, is used wherever a new whiteness and brightness is needed in paper or paper products. The mill was jointly financed and is owned by St. Regis Paper Company (Canada) Ltd. and North Canadian Oils, Ltd. and was constructed and is managed by St. Regis Paper Company, who join us in bringing to Alberta, and to Canada, another important contribution to the pulp and paper industry.

TO ALL LIFE INSURANCE POLICYHOLDERS:

IMPORTANT NOTICE

Retirement Savings Plans Eligible for INCOME TAX DEDUCTIONS

The Income Tax Act (Canada) was recently amended to permit individual taxpayers to deduct from their income, within certain limits, premiums paid for retirement savings plans in 1957 and later years.

The savings portion of either a new or an existing life insurance policy may be qualified as a retirement savings plan. Existing life insurance policies therefore need not be surrendered in order to take advantage of this tax relief.

The possible advantages of the deduction should in each case be considered in relation to the restrictions required by law to be included in a savings plan to make it eligible for the deduction, and in relation to the policyholder's own particular tax circumstances.

Policyholders interested in the new deduction should consult their life insurance underwriters or their companies.

The entire community was shocked and saddened to hear of the passing of young Norman R. Berger, younger son of Mr. and Mrs. Martin Berger of Kirkcaldy. Norman was accidentally drowned in a small lake near Stony Plain, Alta., on Monday, June 17.

Apparently he had gone swimming alone and his body was discovered by the R.C.M.P. on the following evening. Norman was born in Vulcan, March 1, 1937, and attended both Kirkcaldy and Champion schools, winning the I.O.D.E. scholarship in his Grade XII examinations. In completing

his second year in Arts and Science at the University of Alberta recently he won first class honors.

He leaves to mourn his loss his parents, one brother and a sister-in-law, Mr. and Mrs. Martin Berger of Edmonton and an uncle, Arthur Berger of Lomond, besides a host of friends.

The sincere sympathy of the entire community goes out to the bereaved family.

Largely attended funeral services were held in Champion United Church on Saturday, at 2 p.m., conducted by the minister Rev. W. J. Huston. The ladies' choir sang, "No Night There," as a special number.

"Work-horse jobs are
a cinch for Fargo Trucks"

says Eastern Construction Company, Limited

1. It's the ruggedness Fargo builds into a truck that pays off. Eastern's big-muscled Fargo work day in, day out, hauling masonry to construction jobs like this big \$2,000,000 project. It's a punishing schedule that requires reliability.

2. This Fargo "construction job" can meet all the demands placed on it — and then some! Fargo has double-width front crossmembers. Springs are of durable chrome-alloy steel.

3. Extra V-8 power, rated from 180 to 232 h.p., makes Fargo trucks the power leaders in their price ranges, from agile Fargo express and panel models to rugged heavy-duty trucks.

4. Safer operation is a cinch, too. Big wrap-around windshield and optional wrap-around rear window, constant-speed electric windshield wipers are just a few of many safeguards.

CAN YOU COUNT
the leaves on the forest tree or the sand on the wide sea shore? If you can, then count all your sins from the first transgression till now and remember that God's word says:

1. The Lord knoweth my sin (see Psalms 69:5)

2. The Lord hath laid on Him (Jesus) the iniquity of us all. Isaiah 53:6.

3. Christ died for our sins according to the scriptures. 1 Corinthians 15:3.

What a Personal Chequing Account is

A Personal Chequing Account is a new BNS service that can save you money if you pay bills the convenient way—by cheque. To open an account you deposit money in advance—then write as many cheques as you need, up to the amount you have on deposit. Low cost!—the prepaid service charge is just 10¢ a cheque. There are no other service charges when using these cheques.

Shop, Order by Mail,
or Pay Bills With a
Personal Chequing Account

Pay for your major purchases by cheque, when you shop or order by mail. Then there's no need to carry or risk sending cash . . . and you save time and C.O.D. charges.

Pay Bills by Cheque. No waiting for change. When you pay bills by mail, your cancelled cheque is kept safe at the bank—always available—in case of need to serve as a receipt. By recording all deposits and withdrawals you can always tell at a glance just how your account stands.

How to Open a

Personal Chequing Account

- Simply go, phone or write your nearest BNS branch, state the amount you wish to deposit, and whether you need a book of 10 or 20 cheques. (The prepaid service charge of 10¢ a cheque can be charged to your account). Personal Chequing Accounts are easy to operate, for all deposits, withdrawals and current balances may be entered in the cheque book itself . . . providing an accurate record at all times. If not convenient to come personally, you can deposit by mail. JOINT ACCOUNTS WELCOMED.
